

PPC-0313-065-F is based on the development and design of Intel i5 6th generation CPU architecture platform, equipped with Intel Core i5 6360U generation. Fully enclosed cast aluminum shell, strong heat dissipation ability, anti-electromagnetic interference ability. Perfectly applicable Industrial automation, medical, logistics and transportation, warehousing, electronic education and other fields

SALIENT FEATURES

 Protection Level IP65	 Fan-less	 2xLAN,4xUSB,6xCOM, HDMI,VGA,GPIO	 Standard VESA 100*100
 Working temperature-20~70°C	 CE & FCC certification	 Support Windows /Linux & MES/SOP SYSTEM	 12V 912V input

SPECIFICATIONS

Items		PPC-0313-065-F
Motherboard	Configuration	Intel Core i5 6360U (Dual core quad threads,2.0 Ghz,Maximum Turbo 3.1 GHz)
	Memory	8 GB Ram
	Storage	512 GB SSD
Interface	WiFi,3/4G module	802.11b/g/n (optional) ,Support 3g/4g (optional) ,2.4G+BT (Optional)
	HDMI	1*HDMI output
	USB	2*USB 2.0, 2*USB 3.0

	Com	2xCOM(COM2 RS232/RS485)
	Audio output	1*3.5mm audio
Display	Size(inch)	15 inch
	Screen type	LCD screen with LED backlight
	Resolution	1024*768
	Brightness	250cd/m ²
	Screen ratio	4:3
Structure	Front and back cover	Aluminum
	Craft	Glass frame paste, aluminum die casting
	Color	Black or Grey
	Heat dissipation	Fan-less, aluminum fin heat dissipation
	Panel indicator light	Power state, hard disk state
	Whole size(mm)	339 * 264
Touch screen	Touch point	Multi touch Capacitive
	Response time	Morethan 5000 times
	Working environment	The surface is coated with 1:1 PVC protective film
Others	Storage environment	-0°C ~ 50°C; Humidity: 5% ~ 95%
		Temperature: -0°C ~ 60°C ; Humidity: 5% ~ 95%
	Installation ways	Embedded mount, Wall Mount
	Power consumption	User Manual,certificate of qualification,warranty card

15" INDUSTRIAL PANEL PC

DIMENSIONS (mm)
